RE: Request for Investigation of Louise Culberon-Smith, Assistant Regulation Counsel

Dear Mr. Harrington:

This matter was considered by the Attorney Regulation Committee at its meeting on September 9, 2006. The committee believes that Ms. Culberon-Smith's conduct in this case was within the scope of her job as an assistant regulation counsel. We reviewed her letters to you and they do not show any evidence of any misconduct. As you are aware, your original complaints were dismissed by Regulation Counsel pursuant to his discretionary authority and the Committee can not address these dismissals.

The Attorney Regulation Committee is declining to authorize the filing of a complaint in this matter and the matter stands as dismissed.

Sincerely,

Steven K. Jacobson  
Chairperson, Attorney Regulation Committee
