Re: Request for investigation of Michael L. Luchetta, #2009-3830

Dear Mr. Leverett:

We completed our review of your request for investigation on the above-referenced attorney. Specifically, we reviewed your letter dated January 3, 2010 and the materials enclosed therewith.

You assert that Mr. Luchetta filed a notice of income withholding with an erroneous amount of child support, that the notice included arrearages that were not ordered by the court, served a different notice of income withholding on your employer, that he lied to the court in order to pursue a contempt citation against you that resulted in the court finding you in contempt and sentencing you to serve jail time, and that Mr. Luchetta and others in his office made false statements to the principal at your daughters' school in order to obtain visitation for their client that was in violation of court orders.

In order to pursue discipline against an attorney, we must be able to prove that the attorney violated the Colorado Rules of Professional Conduct by clear and convincing evidence. The information you provided does not demonstrate evidence that Mr. Luchetta acted unethically in representing your ex-wife, Sarah Leverett.

The documentation provided in support of this request for investigation demonstrates that many issues in your divorce case have been vigorously contested. In cases of that nature, the judicial officer or officers presiding over the case are in the best position to assess whether the conduct of the parties or the conduct of the lawyers has been improper or in violation of orders entered in the underlying case. We believe the court presiding over your case should determine whether any of the issues you raise here lead to a situation where Mr. Luchetta or his client have acted improperly. If the court makes a specific finding that Mr. Luchetta acted improperly in any way, you may bring that

specific finding to this office for review.

For the above reasons, this office has determined that the information you provided does not set forth facts, which if proven, would constitute grounds for the imposition of discipline by the offices of the Supreme Court of Colorado. Therefore, we are closing this matter and will take no further action on your request.

Thank you for your cooperation and willingness to bring this matter to our attention. Your involvement in the attorney disciplinary process is a vital part of the Colorado Supreme Court's efforts to ensure that attorneys comply with the Rules of Professional Conduct.

Sincerely,

A handwritten signature in black ink, appearing to read 'Matthew A. Samuelson', with a large, sweeping flourish at the end.
