**Subject:** QUESTION CONCERNING CONFLICT OF INTEREST & BEING BIAS

I have been asked to testify against Dr. Bill Fyfe in a Federal lawsuit. Dr. Fyfe has been appointed by Judge James

Anderson, Jefferson County as a Child and Family Investigator in regards to my daughter. I sent him a letter stating that I considered this to be a conflict of interest and would not allow him to be non biased in his investigation. I was informed by Dr. Fyfe's assistant, Maria that he stated since there was no court date set yet it wouldn't be a conflict. I am trying to find out if this would be considered a conflict according to standards set by the American Psychiatric Association which I believe he is bound even if he is court appointed. I don't see how anyone could be non-biased as a investigator if they know that one of the parties was asked to testify against them whether there was a court date set yet or not. I am not sure if this is something that I should file a complaint or not. Any help would be appreciated.

I can be reached at work until 4 p.m. \_\_\_\_\_ or home \_\_\_\_\_

Sincerely,  
Rhonda Rivenburg
