VOICE-MAIL ON MAY 28TH 2004 9:55a.m. C.S.T.**

"Hi Sean, this is Bill Fyfe. Ah, I'm not reachable today, unfortunately, but you can certainly leave voicemail data at 303 6675 5249...303-675-5249.

Going through the file, I realized there is another matter that is important to me that needs to be addressed immediately. Ah, apparently, you have -er- filed a grievance against me with the grievance board. Um, most likely it would be kicked out because they don't take jurisdiction on special advocate matters because of the court related nature of the -of the -of my work

But, I still need you to send a letter to them saying that we have settled this. And I would like you to carbon me at: 303 232 1473

Let's take care of this right away so I can ah expedite my work with the file. Thanks"

The foregoing is a true and complete transcription of the voice message on my voicemail left for me by a caller that I recognized by voice to be Bill Fyfe, Ed.D. of Columbine Counseling Center of Lakewood, Colorado at the time above set forth.

Dated at St, Paul, Minnesota, this 2nd day of June, 2004.
