Dear Mr. Harrington;

I got your name and address from a webpage about Dr. Bill Fyfe. I am in the fight for my life for my son. Unfortunately Fyfe has listened to the lies my ex-husband told about me and Dr. Fyfe has made recommendations that my son live with his father and not me. It is a long horrifying story of my life; but I am not one to give up.

I want to know more about your case with Fyfe and what you have been through. I want to know what types of things you are doing to change the judicial system and their regards to Child Family Investigators.

I believe you are on mission and I want to know what your mission is. I am not the type of woman to just sit down and take the crap dealt to me. I am a woman full of integrity and I have willpower beyond most.

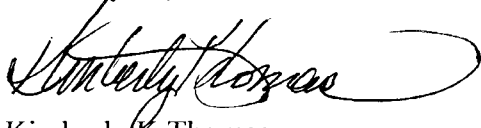

I am not going to take this recommendation made by Fyfe lying down; I will fight. If I can join in with other families in a fight against biased Family Investigators; I would be a very strong advocate.

I know this all may be shocking to you to receive a letter from some woman you don't know. But this is real, I am real and I am tired of watching families get destroyed.

Feel free to contact me anytime; if I don't hear from you I will assume you would rather not get involved, which is okay.

Best of luck to you in your case.

Sincerely,

Kimberly K. Thomas
