Re: Your letter re. Judges  
[REDACTED]

Dear [REDACTED]:

This is to acknowledge receipt of the above-captioned letter concerning your situation.

This Commission is not a court and does not have any authority to review the legal or factual aspects of a person's case. It also cannot review the rulings or decisions that a judge makes when presiding over a person's case. I would advise you to obtain the assistance of an attorney to provide you with guidance on what, if any, legal avenues of appeal that you might pursue on your case at this point in time.

I am sorry, but with what you have provided to the Commission, it does not have the authority to assist you.

Thank you for your consideration.

Sincerely,

Richard A. Wehmhoefer  
Director
