Re:

Douglas County Case # 97-DR-704

Parents:

I have enjoyed nearly 4 years of successful tenure as [redacted]'s Advocate/Parenting Coordinator. However, it seems there is an accelerated push on Dad's part to increase his Parenting Time with [redacted] coincident with 1. His loss of parental access to [redacted] and 2. His manifesting frustrations with the Family Court process to myself, [redacted]'s mother, and (I strongly suspect, [redacted]).
