Re: Your letter dated January 27, 2009, case no. 99-DR-3717, Jefferson County  
District Court, Division 9.

Dear Mr. Harrington:

In response to your letter addressed to Judge Berryhill's Law Clerk dated January 27, 2009, requesting she provide you and Mr. Fyfe with "insight as to Judge Berryhill's inclination on the several pending motions prior to the hearing scheduled for February 25, 2009", please be advised that it is the policy of this division, and the courts in general, not to advise parties on the status of pending motions. I can tell you that Judge Berryhill has all the pending motions in this case and is taking them under advisement. A copy of any orders pertaining to the pending motions will be sent to you as soon as they are ruled on.

Due to state budget cuts, Division 9 no longer has a law clerk. Please address any future correspondence to this division to either myself or Judge Berryhill. Thank you for your patience and understanding.

Sincerely,

Juliet Berzsenyi Byerly  
Division 9 Clerk
