Case N^o 06-1418

Please note: During a telephone call with Bobbi Reid, the trial court appeals clerk, Plaintiff was informed that the trial court has no record of the Designation of Record and accompanying compact disks sent by U.S. Mail on October 5th 2006, hence this re-filing.

Those original papers, which have been designated by **yellow highlighting** and circling around their respective docket numbers on the attached copy of the district court's docket sheets should be included in the record on appeal prepared by the clerk of the district court and transmitted to the clerk of the court of appeals in addition to those ordinarily transmitted for *pro se* parties. 10th Cir. R. 10.2(C). In addition, the following items should be included in the record on appeal for the purposes of aiding the Court of Appeals in determining an intermediate motion filed with the Court on October 5th 2006.

- Docket # 73 – 09/07/2006 (Magistrate judge's Recommendations)

Pursuant to the Electronic Filing Guidelines § X(C), hyperlinked reference material is not to be considered part of the record. Plaintiff submitted (by U.S. Mail) with his October 5th 2006 Designation of Record, four (4) compact disks containing the fully hyperlinked Adobe PDF version of docket # 76, which the clerk should transmit, so the Appeals Court may have the fully hyperlinked copy that was made available to the trial court and to the parties to the litigation. The digital format of the pleading is a material issue to the appeal.**
