Dear [REDACTED]

I am writing this letter in response to our conversation on November 7, 2007 at 4:15pm EST. The call was regarding Mr. Edwin Shockney. Edwin claims he has received a degree from Indiana Technical College in 1972 with a degree in Medical Technology. After doing some research on our school, our name changed from Indiana Technical College to Indiana Institute of Technology in 1964. Today we are now known as Indiana Tech.

Indiana Tech has received several calls regarding Mr. Shockney to verify his degree. One call we received was from the KMGH ABC in Colorado doing a story about Edwin Shockney to verify his degree.

However, Mr. Shockney has never attended Indiana Tech. We have looked through all of our records including hard copy of files, computer records, etc. and have no record of Edwin Shockney ever attending Indiana Tech.

Also, Indiana Tech has never offered a degree in Medical Technology in its history as a University. I have included a copy of the front pages of our catalog from the 70's. This listing of degrees will show you that we have never offered a degree in Medical Technology.

If I can be of assistance further please do not hesitate to contact me at 800-288-1766 ext. 2320.

Sincerely,
